#### DIRECTOR'S NOTES

NEWSIES is a true story based on the criminal labor situations surrounding the newsboy strike of 1899. Poor orphans and runaways, the newsies were a ragged army without a leader, until they found the courage to unite and fight for their basic rights. As we are preparing these young students to step out into the world themselves – could there be a better lesson than standing up in the face of adversity and making the world a better place for the future?

Our Tiger Drama Mission is to provide our students and community opportunities for entertainment, enrichment, and education through exceptional theatre arts and the applicable life skills theatre develops. Tiger Drama establishes an environment where all members challenge themselves as individuals, collaborate with others to create their best work now, and connect with other artists in and outside Lewis & Clark High School to be lifelong supporters of the arts. NEWSIES has been a prime example of our mission and vision come to life.

Thank you for supporting Tiger Drama and the considerable hard work and dedication these students have! We are excited to share this production with our entire community.

Greg Pschirrer
