DIRECTOR'S NOTES

The SpongeBob Musical is the first full Tiger Drama production in nearly two years. So much in our world has changed in that short time. At the same time, much remains the same. Just as the characters in *SpongeBob* come to find out, we are stronger as a community. When we work together and seek to understand divergent opinions and backgrounds, we can find more strength and power than we ever considered possible. We appreciate the opportunity for our department to rebuild and reconnect with our students and our community. This beautiful art of storytelling has allowed us to bring each individual's strengths to our ensemble while challenging each other to be better artists and better people. The process has been a beautiful reminder of the healing and cathartic power of theatre. We hope that you feel the love, pride, passion, dedication, and heart that went into creating this production and it helps you find your own moments of joy, compassion, and community.

Greg Pschirrer - Director

STAGE's activities include providing funding for the theatre program as needed for supplies and services not covered by the District as well as scholarships to students whose families are unable to pay for competition travel expenses and other items needed to participate fully in the theatre program.

STAGE's goals are to promote and foster clear, concise, and timely communications between the Theatre Director, the Board of Directors and parents/guardians of all theatre students.

In years past, donations of time and money have provided:

- chaperones to all school-sponsored and off-campus competitions and performances
- assistance paying for charter busses for State
- scholarships for student production packs
- volunteers for ticket and concession sales
- assistance at cast parties organizing and chaperoning
- scholarship money for travel to National Thespian Festival
- design, materials and labor for our lobby displays
