## DIRECTOR'S NOTES

Welcome to *Irving Berlin's White Christmas*!

There's something magical about nostalgia—the way a familiar melody, a twinkling light, or a line from an old film can transport us back to a time when the world felt a little simpler, warmer, and full of possibility. This season, Tiger Drama has embraced that feeling with our theme, **"Nostalgic."** It's a celebration of memory, tradition, and the moments that connect generations through story and song.

*White Christmas* embodies that spirit beautifully. Its timeless music, heartfelt humor, and hopeful message remind us of the enduring power of kindness and community. Whether you're revisiting this holiday classic or experiencing it for the first time, I hope you feel the same warmth and joy that has made it a beloved classic for decades.

Productions like this are only possible because of the incredible support of our families, alumni, and the Spokane arts community. Your presence here tonight sustains not only our program but also the dreams and creative growth of every student who steps onto this stage, builds a set, or cues a light.

As we celebrate the spirit of the season, I invite you to continue supporting the arts at LC—by attending our shows, attending our band, choir, and orchestra concerts, volunteering, and advocating for arts education in our schools. Together, we keep this tradition alive and vibrant for the next generation of storytellers.

Thank you for sharing this nostalgic journey with us. May your days be merry, bright, and filled with music.

Greg Pschirrer - Director
